** We expect that delivery of the notes will be made against payment therefor on or about May 15, 2013, which will be T+5. Under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who

wish to trade notes on the date of this term sheet or the next succeeding two business days will be required, by virtue of the fact that the notes initially will settle in T+5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of notes who wish to trade notes on the dates hereof or the next succeeding two business days should consult their own advisor.
